

Being careful near the road!

The road outside the church is small. But there are a lot of cars that drive on the road. We need to be careful on the road. It is dangerous. We must not play ball games on the road. We must not stand on the road to talk. If we see little children on the road, we should help them to get off the road.

If we want to play soccer, we can go to the park. If we want to talk, we can stand on the footpath.

Go and have a look at the road with your teacher. Why are there so many cars parked there? Is there any one standing on the road? What should you tell them, if they are standing on the road? Look at some places on the footpath where you can stand and talk instead.

Which of these things are okay to do on a road?

Drive a car Dance Play sport Talk to friends Drive a truck

Where is a good place to throw a ball?

Where does rubbish go?

When you've finished your lunch, don't just throw your rubbish on the ground. Rubbish goes in a bin. There are big bins outside. Rubbish on the ground is messy. Rubbish on the ground is bad for the environment. The other people who live in the road get sad and angry when children leave rubbish near their houses. It is very rude to leave rubbish in someone's garden.

Go and look at the road. Where can you see rubbish? What kind of rubbish is it? Who might have left it there? Where should you put it? Where are the big bins?

If you leave rubbish in the road, the people who live there will be:
