

## **SAIL Program Library**

The SAIL Program now has a library. The books we have are for reading, learning and sharing. The books are for everyone- children and adults. It is very important that we keep the books in the church and not take them home. If we do this anybody can look at them whenever they want. It is a rule that none of the books may leave the church.

The books belong to different categories. They have special coloured stickers on the side of each book. This shows which group of books each book belongs to. When you take a book out of the library the book must go back to the category that it was taken from.

We hope that you can help us look after all our books. Please read them and look after them so that we can share them for many years.

1. What is the name of the Program on Saturdays?
2. Where is the library?
3. Where are the stickers on the books and what do the stickers mean?
4. Who are the books in the library for?
5. Can I take a book home?
6. Where can I take the books?
